The Not-So-Small Print

Free local delivery may be limited or unavailable on some wines each quarter.

^There is no application fee to join the club. Each month you will be notified via E-mail or regular mail that your wine has arrived and is ready for pick-up/delivery. **You will need to make an (EFT) payment for each month's wine selection prior to delivery/pick-up.** The Alternative Palate is not and will not be responsible for deliveries if members fail to notify their change of address. Discounts cannot be combined with any other offers.

Note: Membership may be cancelled at any time with one (1) month notice. There will be no refunds for cancelled memberships. All terms and conditions are subject to change without notice.

Scoring: All our ratings (scores) are based on the 20 point scale. We also will use the 5-star rating as and when required. The 100 point scale is cumbersome and difficult to use and understand by those who drink the wine as opposed to those who make the wine.

Cork: The Alternative Palate also supports the use of cork in premium wines.
