THE 2018 RYDER CUP COURSE

The Albatros is a demanding course. The diversity of both “links course”, “target golf”, “water hazards” and “bunkers”, invite the player ‘for a memorable visit’.

The large and carefully placed greens offer both the long as well as the exacting putt over the exciting terrain. Nothing is hidden from the player but the player must ‘play’ the course to achieve. Be aggressive on the first 6 holes; take your birdie chances, and protect your score on the final holes when excitement can challenge the players.
